COMPANY HISTORY

Established in 2007, Poly Enterprises grew out of the need for a local fence company specializing in vinyl and ornamental aluminum fencing. Further, we understood that many consumers were unable to find a local company which could not only provide premium fencing, railing, and pergola products, but which would provide the peace of mind of a seamless installation process and unmatched service.

By maintaining our core values of innovation, integrity, and offering the best possible products with unmatched professional service we have maintained constant growth even during a difficult economic environment. We understand that our success is made possible by our customers trust in our ability to fulfill their complete expectations on every project. This guides Poly Enterprises commitment to becoming an integral part of our local communities.

OUR VISION

Through our commitment to customer satisfaction, a professional working environment, and attention to detail we will become the most trusted and respected fencing, decking, pergola and railing company of Central New York. Community involvement, providing stable, well paying employment, and environmentally friendly initiatives will enable us to provide constant growth, development, and innovation which will direct our company and staff to continued excellence.

MISSION STATEMENT

To become
CENTRAL NEW YORK'S MOST RESPECTED, TRUSTED, AND INNOVATIVE FENCING, DECKING, PERGOLA, AND RAILING COMPANY by providing the highest quality products with professional installations and 100% customer satisfaction.

ALUMINUM FENCING

We take pride in our aluminum fence and our commitment to quality remains. With many styles to choose from, our aluminum fences are the best on the market, giving you a lifetime of beauty, strength, and durability, with next to no maintenance. With no exposed fasteners, and a powder coated painted finish you can't go wrong. As always our attention to quality, in both product and installation remains the same.

We use the highest grade aluminum fencing from Regis Aluminum Fence®. Regis provides top of the line aluminum material in numerous variations.

Residential, Commercial, and Industrial grade systems.

Residential and Commercial fences are offered in routed systems which use hidden picket fasteners. Regis Aluminum Fence® combines beauty with strength. An amazing finish to your property and strength when needed.

Regis Fence® Features:

- Powder coated to meet AAMA 2604 verification
- Lifetime limited warranty
- Virtually maintenance free
- Many Color variations available
- No exposed fasteners

Fence You Can Trust

Regis Aluminium Fence is virtually maintenance-free and comes with a lifetime material warranty, and 2-year warranty on our labor; your expectations will be fully met.

VINYL FENCING

PRIVACY FENCING

Poly Enterprise offers vinyl privacy fencing in many styles, accents, and colors. We work with you to customize a fencing system to complement your home and create a beautiful environment. Our fence attributes consist of quality, strength, and aesthetics. We take fencing seriously, this is why all of our vinyl products are manufactured from virgin vinyl, and come backed with a manufacturer's lifetime material warranty.

Make your vinyl fencing stand out with beautiful fence accents including Lattice, Franklin, Spindle, and Concave styles. These delicate accents will give your privacy fence a

refined and distinct look.

We also offer colored tongue and groove paneling. When it comes to fence gates, we offer a full range of custom gate solutions – all installed using stainless steel hardware.

VINYL PICKET FENCING

Vinyl Picket fencing is a great choice for enclosing your pool, securing your backyard for children and pets, or just for privacy. Using the thickest virgin vinyl rails, pickets, panels, and posts available, we guarantee a sturdy fence for a safe environment. You can customize the design to accent your home with various colors and styles. With many options to choose from, you're sure to enhance your home's appearance. Reasonably priced and very strong,

your new vinyl fence will provide you with beauty and strength with little to no maintenance, for years to come.

VINYL HORSE FENCING

Vinyl horse fencing provides your property with an attractive look, while creating a secure environment for your horses and live stock. Along with its low maintenance, vinyl horse fence is worry free as its material is backed with a life time warranty.

Vinyl horse fence offers function and amazing aesthetics for your property. Offered in two, three and four rail systems, you can customize the color and post caps to really accent your property. We also can provide electric fence clips for the interior of the fence, fully concealed, no more ugly electric fencing!

WOOD & CHAIN LINK FENCING

WOOD FENCING

Installing wood fence in the Central New York area requires us to use nothing but the highest quality Western Red Cedar for every project.

All our western red cedar fencing is manufactured by the Amish in Lancaster County Pennsylvania. Specifically built for each project, this offers our customers many styles to choose from. We offer Privacy and Picket Wood Fence with various options to tailor the product to your home.

We have an installation warranty that warrants that our fences will not lean, pickets will not come loose, and

fence sections will not become loose for a total of two (2) years from the date of installation. What are not covered are loose pickets and sections as a result of force, storm damage, trees falling, or acts of God.

CHAIN LINK FENCING

With a wide range of styles, heights, and finishes, we can provide fast and efficient installation of chain link fence. With your budget in mind, chain link can be a great way to provide your property security and safety, at an affordable price. Our chain link fencing is long-lasting, and maintenance free.

Not all chain link fencing is created equal. First of all there are many different grades, or gauges of chain link mesh, piping and fittings, which make up a chain link fence. The sizing of these components will depend on several specifications such as the height of the fence, and whether it is residential, commercial, or industrial. The tubing and mesh we use and which makes up the majority of a chain link fence is made in the USA.

Various colors are available including green, white, brown, and black. All of which are offered in several heights. The most common being 36" we also carry 42", 48", 60", 72", 84" and 96" chain link fence.

POOL FENCING

Poly Enterprise offers pool fencing for your every need. We install vinyl and aluminum fencing with an array of customizable options. Protecting your pool and your family is important. Fencing in your pool area helps meet home insurance standards and eliminate any hazards. Using sturdy 100% virgin vinyl, and high grade aluminum we guarantee a safe, long lasting pool fence. All of our pool fence is available with many options and we work with you to customize a fencing system to complement your home, creating a beautiful environment. Our fence attributes consist of quality, strength, and aesthetics. We take fencing seriously, this is why all

of our vinyl products are manufactured from virgin vinyl, and come backed with a manufacturer's lifetime material warranty.

BUT WHICH POOL FENCING?

Pool fencing is more than a safety feature, its architecture in your back yard. Make it your own with a variety of fence accents. Delicate accents can make your pool fencing a beautiful accessory to your homes appearance. Whether you choose our Vinyl Fencing or Aluminum Fencing, you will find a sturdy product.

Unlike DIY box store materials, we use high grade virgin vinyl with a wall thickness of 0.150" versus their 0.130". For our aluminum projects we use industry leading Regis Aluminum. With a limited lifetime warranty you can rest easy knowing your fence will provide your pool with long lasting protection and beauty.

DECKS & RAILINGS

From design to finished product, our team will work with you to provide the best possible decking and railings system. Guaranteed to be beautiful, functional, cost effective, and will last a lifetime. We provide customized computer drawings to help plan and implement your project. From sizing the lumber correctly and engineering the foundation to stringent codes, our building processes will meet the rigors of time.

We source our material, using only the best treated lumber, vinyl and composite decking, to give you the best possible finished product. Our decking and railings systems use hidden fasteners giving a clean and functional finish. To ensure sturdy and stable products our vinyl railings come with aluminum channels in both top and bottom rails providing a lifetime of use.

PERGOLAS & ARBORS

Our vinyl pergolas & arbors offer dimension and refinement to any home or building. They are a great way to add beauty and function to your house. Utilizing our long lasting vinyl material, they hold up to the elements and improve the look of any structure. We can customize our designs using computer aided drawings to fit your needs, and we offer many options of posts, and shade coverings. All of our pergolas are built out of vinyl, and the structural supports have treated wood inside giving it the needed strength.

Bring your backyard to life with a vinyl pergola. Vinyl pergolas provide a great feel to your patio. Excellent for outdoor dining and lounge areas. Along side a pool they offer shade from the sun when needed. A great place to have a chiminea, pergolas become the center piece of your backyard.

CUSTOMER CHECKLIST
